

Discover simple annuals insurance management with RMS Insurance

RMS Insurance powered by  XCOVER

With RMS Insurance, you're in control of all the insurance needs of your annuals – in one centrally managed place.

We've made it simple. Enable RMS insurance directly through the RMS Module Market and you can access certificates of currency and ensure that all your annuals are protected.

ONE CLICK COVERAGE AT A GREAT PRICE

We've partnered with XCover, a global insurance technology business, to bring you an easy to use system that allows you to issue insurance to your holiday park annual residents in a single click! RMS Insurance powered by XCover offers comprehensive cover for caravans, annexes and contents and even offers protection for natural events such as floods, fire or storms, meaning your annuals enjoy true piece of mind knowing that they are fully protected.

You can top-up protection for your annuals, or offer to beat a competitor quote, using your RMS dashboard. Once enabled, your annual will be automatically sent their insurance certificate which includes an invoice and payment instructions. You simply collect their premium and they can enjoy the benefits of up to 60 days free coverage!

WANT TO KNOW MORE?

You can access RMS Insurance powered by XCover via the RMS Module Market or reach out to our friendly team who can assist you with set-up – sales@rmscloud.com. Visit the page below for further details and information to share with your tenants or check out the RMS help centre for more.
